Lo Hock Ling Consulting, a Business Partner of SAGE Software, is recognized as one of the leading solution providers offering SAGE ACCPAC ERP solutions which include:

- ERP and Accounting solutions
- Implementation and training services
- Customization of specifications and reports
- IT technical support and maintenance

We are able to add value to our clients' business because our qualified consultants are equipped with the following knowledge:

- ✓ **Accounting expertise**
- ✓ **Understand your company's operations**
- ✓ **How technology should work for you**

Whether you are a small business or a public listed corporation and whether you are looking for an accounting solution to operate on a stand- alone or total ERP solution, we always strive to provide solutions to meet your business needs and maximise your return on investment in information technology.

Computer networks provide the infrastructure that is essential to inter/intra office communication and information sharing in most businesses of today. An effective management information system can dramatically increase productivity and play a significant role in achieving business success. The **Lo Hock Ling Consulting Group's** IT Division also provides the following range of consulting services:

- Network planning, design and system integration consulting.
- Training for network administrator and individual end users on the network and network applications.
- Network maintenance, both on-site or remote on-call technical support and troubleshoot for maintenance problems.
