

# Business Risk Advisory Services

## Today's Corporations

Corporations today need to:

- Face a continuously changing risk profile
- Maintain good corporate governance practices
- Grow their shareholders value

## How our Business Risk Advisory Services team can assist your company?

The responsibilities of directors whether you are an executive director or non-executive director serving on the audit committee are onerous. Our business risk advisory services will help the directors and their companies to maintain good corporate governance practices and manage their risk profiles.

Such services include:

- Review of internal control systems
- Risk based internal audits
- Enterprise risk management
- Develop effective approaches to enhance internal control and risk management
- Leverage on our familiarity with industry knowledge of best practices

## Our Professional Team

Our professional team comprises experienced consultants and professionals who have worked with corporate clients, various government agencies and non-profit organisations in respect of internal audits, governance training and enterprise risk management.

**Feel free to contact us to discuss on how you can leverage on our professional services. Please contact: Lo Wei Min, Pearlyn at [pchong@lohocklingco.com.sg](mailto:pchong@lohocklingco.com.sg)**

## Outsourced Internal Audit Function for Greater Effectiveness and Efficiency

Let our specialists and professionals help you manage your company's internal audit function:

- Control and risk assessment methodology
- Risk assessment to align controls with business objectives
- Functional assessments of operations to improve efficiency and effectiveness
- Enterprise risk management
- Corporate governance assessment
- Improve financial and other controls to ensure reliability of financial records and safeguarding of company assets
- Adopt industry-specific operational improvements and best practices
- Compliance with regulations and legal framework
